## PROJECTS

---

**Creating a Food Logistics SuperApp Project,** *Perum*

02/2025 – Present

*BULOG - Role Position: UX Engineer Mobile. Project*

*Intern* [↗](#)

-Impact & Learning: Deepened understanding of Flutter's UI/UX capabilities for building complex, interactive interfaces across multiple user roles. Acquired critical skills in integrating diverse third-party APIs (e.g., payment gateways, mapping services) and optimizing backend services to support high-volume, real-time logistics operations.

-Tech Used: Figma Flutter, Firebase, Provider and GetX State Management

### **Web and Mobile Interface Design for BULOG'S PPID,**

07/2025 – 08/2025

*Perum BULOG - Role Position: UX Engineer. Project Intern* 

-Impact & Learning: Successfully created a responsive design for both mobile and web platforms, collaborating closely with the development team on WordPress CMS to implement it using Elementor. Custom HTML and CSS were utilized to align with the Figma designs. Learning: This project culminated in the successful public launch of the PPID, meeting the needs of the public relations team at Perum Bulog. Link: PPID BULOG 

-Tech Used: Figma, Wordpress Elementor, HTML/CSS, Microsoft Office

### **Bima Mobile Banking Design Evaluation,**

09/2024 – 11/2024

*Bank Jateng Role Position: UI/UX Designer. Project Thesis* 

-Impact & Learning: Impact: Significantly enhanced Bima Mobile Banking's design performance and user satisfaction by resolving critical user pain points, evidenced by improved navigation efficiency and feature discoverability. Learning: Gained in-depth expertise in applying User-Centered Design (UCD) methodologies for comprehensive app evaluation, user research, usability testing, heuristic evaluation, prototyping and iterative design improvements, strengthening skills in translating user feedback into actionable design solutions.

-Tech Used: Figma, Maze Testing, Microsoft Office

### **Chemical Industry Tools: Responsive Web Calculator**

06/2023

**Innovation., CV.Torche Education-Role Position: UI**

*Designer. Project Intern* 

-Impact & Learning: I significantly enhanced efficiency in the chemical industry by designing and building responsive web calculators that reduced calculation errors by 30%, deepening my expertise in specialized web development, complex algorithm implementation, and robust, responsive architectural design.

-Tech Used: Figma, Canva, Microsoft Office

## **ORGANIZATION EXPERIENCES**

---

### **Google Developer Students Club UIN Walisongo,**

11/2022 – 01/2023 | Semarang, Indonesia

*Members of the UI/UX Design Team* 

-Learn together, share UI/UX-related experiences once a week

-Building a shared UI/UX Project

-Sharing information and motivation related to UI/UX Design

### **FORUM KJMU UIN WALISONGO, Information Media**

02/2022 – 01/2023 | Semarang, Indonesia

-Every semester we conduct three community service activities and leadership training

-Building jakarta naramuda recipients for the better

-Building Social Media and Information Media to be interesting and informative

### **FORUM INDONESIA MUDA,**

08/2022 – 09/2022 | Jakarta, Indonesia

*Public Relations Communication* 

Through the Jakarta Young Leaders training held by the Jakarta Young Indonesia Forum, we created a project called Anagata Project to collaborate and contribute to remote children to learn calistung, coloring, playing together, socializing the environment and health, using social media and utilizing good technology to the community.
